Rose Petals Helps Family

March 5, 2005

Dear Our Lady's Workers,

I am writing in thanksgiving to our Blessed Mother for helping me thru an operation for a polyp in my uterus, which tested benign. Everyday I used the Rose Petal on my stomach and I prayed three Hail Mary's. I had to have a mammogram done twice because they had to check a sebaceous cyst. I was told it was not cancer.

My daughter Esther, had a lump on her breast. She was told that they made a mistake, that it was benign. I had told her to put the Rose Petal on the lump and afterwards she said, "I'm a believer!"

My husband's eye wasn't getting much better after it was operated on for a cataract operation. After he put the Rose Petal on it, it improved. He needn't go back for two months to the doctor. He was also tested for a stomach aneurysm and he was fine. He carries a Rose Petal with him all the time.

When my youngest son was a boy, I slapped the Rose Petal on his cheek for a bad tooth because he wasn't easy to catch, and he didn't have to get the tooth pulled. I've also had three arteries fixed by angiogram. Thank you Jesus and Mary for all your blessings. With love,

Mrs. T. - Connecticut

P.S. Thank you Veronica so much!

No Complications with Son's Ankle

August 11, 2005

My son Anthony broke his ankle close to the growth plate. We were scared his growth would be affected, so I put a Rose Petal in his cast and instead of his cast being removed in eight weeks, it was removed in less than six with no complications. Thank you Virgin of the Roses.

Return to the Faith

September 15, 2005

I am giving these Rose Petals for birthdays and relatives. One gentleman I gave one to said, "I must get back into my Catholic Faith." It made me feel good and I told his mother and she was so happy, thanking me.

Cancer in Remission

April 11, 2005

I have received the Queen of the Roses Petal from a friend. My prayers were answered first for my non-Hodges cancer to go in remission and it has been nine months. Second, for finding a job for my daughter who was out of work for 9 months. She got a job just before Christmas so we are happy.

Infection in Lymph Node Healed

July 23, 2005

United with you I thank you in the Mission of Our Lady. We still have other people to reach and the poor world is crying to learn the truth through Our Lady of the Roses. My cure was an enlarged, infected lymph node - all healed through Her! Sincerely in Jesus and Mary, Love,

Rose Petal Cures Bladder Problem

May 2, 2005

Dear Our Lady of the Roses, Mary Help of Mothers,

On July 6, 2005, I had an ultra sound because of problems that I was having with a lot of pressure on my bladder. On the 20th I went for the results to my doctor and they found that my uterus was leaning on my bladder. The doctor gave me some exercises to do. (I did them for about 2½ weeks and used my Rose Petal of Our Lady and asked God for a healing "God willing.")

All of a sudden all my problems disappeared. I told them at the doctor's office that I didn't have any more problems and that it was because I used the Rose Petals from the Shrine of Our Lady and all the prayers of my family and friends that did it. I want to thank "Our Lady of the Roses, Mary Help of Mothers" and Jesus for praying to God Our Father for me with dear God the Holy Spirit that I didn't have to have an operation to fix it. Praise be God in His Angels and Saints. Much love,

Mrs. L. - Massachusetts

Return to the Faith & Sacraments

June 16, 2005

After becoming acquainted with Bayside (approximately August 2003), so many incredible, miraculous events have unfolded, not only in my life, but in my entire family and many friends. So much that I don't know where to begin.

In a nut shell, prior to Bayside, my life was awfully entrenched in sin. Corinthians, Chapter 6, Versus 9, 10, & 11, pretty much sums up my sorry state of affairs.

I now attend weekly Mass and Eucharistic Adoration, plus frequent confessions. Our Lady and Jesus have also guided me to a faithful prayer life; praying 15 decades of the Rosary and the Divine Mercy chaplet daily; as well as wearing my sacramentals.

My four teenage children have also been touched very strongly. The 15 year old so much so he's considering a vocation. This Easter (2005) my mother converted from Presbyterian to Roman Catholic as well as a very good friend of mine from Baptist.

I have witnessed miracles, cures and conversions from friends and acquaintances, just by passing out the Blessed Rose Petals and or the Shrine's "Our Lady in the Sky" miraculous photo.

At the very beginning of my conversion, Jesus and the Blessed Mother appeared to me in a dream. I felt very comfortable with Them and I was curious about what poor souls suffered in Hell. You see, prior to my conversion, I didn't believe in Hell and I lived like it too. So Jesus and Our Lady communicated to me that it was so bad, that I wouldn't be able to handle it because it would make me deathly sick. However, They agreed to let me experience just a very small portion. When I woke up, my stomach was in very painful knots. I had a very strong taste of vomit in my mouth. This illness lasted about 5 minutes after waking up, then immediately I was restored back to good health, followed up with three distinctive smelling sensations of Roses. To me, the physical sickness, the bad taste in my mouth and the scent of roses confirmed Jesus' and Our Lady's presence. Thank you Jesus and Our Blessed Mother for everything. God Bless you.

Physical and Emotional Healing

June 14, 2005

Thank you for sending the Rose Petal. I placed it on my chest and head when I am praying the Rosary. I received Her healing grace, emotionally and physically where I needed it.

Feeling Better with Pregnancy

May 17, 2005

My neighbor Julie is about 3 months pregnant. Her first pregnancy was marked with a condition that made her throw up constantly to the point where she was hospitalized for dehydration and to receive nutrition several times. This pregnancy has been no different. I saw her a few days after she came back from the hospital for the same thing. When I saw her last week outside, I told her that I had something for her and to please wait for me. I ran into my house to get her a blessed rose card. We spoke for a few minutes about the vigil I had attended for the May Crowning. I told her to sleep with the card under her pillow and of the wonderful miracles that I have read about in the testimonials. I gave her the card on a Thursday. Monday afternoon she came over to return some of the literature I left with her about Our Lady of the Roses and she had a thank you card for me that read, "Thank you so much for thinking of me while I was sick and giving me the special rose card. I sleep with it under my pillow now and yes I'm feeling a lot better!" She told me that it has been 3 days now since she has been sick. Miraculous... YES!!!
