ROSES

Messages of the Crowning of Our Lady

Messages from Heaven to Veronica Lueken
in Bayside and Flushing Meadows, NY

Veronica: Now Jesus is extending His hand forward like this, and making the Sign of the Cross: In the name of the Father, and of the Son, and of the Holy Ghost. Now Jesus is turning to His right side - that's over on our left side - and He's floating across the sky.

Now Our Lady is coming forward. I didn't see Her standing over on the left side. She's coming forward, and She's crossing across the sky. She's standing at Jesus' right shoulder. Our Lady stands just a little below His shoulder. She looks very petite next to Jesus because Jesus appears quite tall. I would say He's at least six feet tall. And They're going across the sky now. Now Jesus is pausing just about a few feet before the first tree, the extension of the first tree on the left, and He's bending over, like this, and extending His hand out and making the Sign of the Cross: In the name of the Father, and of the Son, and of the Holy Ghost.

Now through the sky I can see angels coming. Oh, they are so beautiful! Oh, there must be hundreds of them! The sky is just filled with angels. And Michael is coming forward now. And oh, he's carrying a most beautiful crown, a golden crown. It's delicate but it has jewels, the most beautiful jewels I have ever seen! The colors are exquisite. I can't explain it. It's a delicate-looking gold crown, but it has little points on the top, and they seem to be encrusted with diamonds. Just beautiful!

JESUS CROWNS OUR LADY - CORONATION

Veronica: Now Jesus has touched Our Lady on the shoulder. Oh, He has His arm around Our Lady, like this, and He's leading Her over to Michael. And Our Lady now - Our Lady is going on Her knees before Jesus. She's kneeling like this with Her arms crossed. And now Michael has handed the crown to Jesus, and He's placing the crown upon Her head. Oh, it's so beautiful!

Our Lady has on now - she doesn't have the purple mantle, She has a beautiful white mantle on now, trimmed in gold about an inch around the outside. And Jesus has placed this beautiful crown on Our Lady's head, and now He's taken Her - both hands, and He's lifted Her up to Her feet. And Our Lady now is facing towards us, and She has

Her hands together like this. Oh, She looks so beautiful! Oh, so beautiful! And as Our Lady is turning Her head, the color of the stones are just - oh, I can't explain it; they're so brilliant.

Now Our Lady is now going back a little, and Jesus is cutting across the sky. He's coming across to our right side, and Our Lady now is following Him. I notice that Our Lady has taken Her hands now, and She's holding the Rosary as She's following Jesus across the sky. They just float; They don't walk. I can't explain it. They seem to have absolutely no weight. They go beautifully right across the sky. Ah, that must be fun! Oh, that's beautiful, the way They glide.

And now Jesus is extending His hand out like this. He's between the two trees on the right. Oh, and He's placing His hand out and making the Sign of the Cross: In the name of the Father, and of the Son, and of the Holy Ghost.

Now Jesus is nodding. He's placed His hands over His heart, and they're in a cross-like formation. I have never seen Jesus standing there - He has His hands now crossed across His chest, and He's nodding to Our Lady now. Our Lady is backing up, and Jesus is coming now back across the sky. And They're both standing now looking down, in the center right over the statue. Now Jesus is touching His first finger to His lips.

Jesus: My child, you will all now continue with your prayers of atonement. Vigil of August 14, 1978

Veronica: In honor of Our Lady's visit so important, to conclude today's requested prayer session of Our Lady, we'll still hear the message of Our Lady.

[Our Lady of Fatima is played and sung once more. Before the music was finished, Our Lady appeared.] Our Lady has appeared! She's holding beautiful Rosaries. I didn't expect Her to appear today. Oh, my dear!

Our Lady: Thousands of Rosaries have been made, going throughout the world. Each a prayer to Heaven, each a powerful pearl.

Messages of the Crowning of Our Lady

ANGELS WEAVE A CROWN OF ROSES ABOVE OUR LADY – A ROSARY

Veronica: She's opening her cloak, Our Lady is opening Her cloak very wide. She has a beautiful gold and white cloak on now. It's not blue, it's gold and white. And She's setting it--it covers from the tree to the tree. It's an awfully big cloak, and Our Lady is standing right in the center. She's a beautiful Queen, and She has this golden crown on, and all the angels are around Her. Oh, they're beautiful! They're dressed in all different colors and they have garlands of roses on their hands--on their heads. Now they're--oh, they're placing the Rosary around Our Lady. Oh, they're crowning Her with roses over Her golden crown.

In the name of the Father, and of the Son, and of the Holy Ghost. Amen.

Veronica: Oh, Our Lady was here. I didn't expect Her today. I guess--oh, yes, Our Lady was here and She was beautiful! She looked like a--beautiful--She was every, every bit a Queen. She was just beautiful! Yes, Our Lady was dressed in a cape; the cape covered the whole sky. But it wasn't blue, it was a white color, but it was all trimmed in gold. It was brilliant and so bright I could barely look at Her, the light was shining so bright upon Her. But Our Lady--the cloak was so big compared to Our Lady. She was right in the center of the cloak and She had on a beautiful white and gold trimmed dress, gown. The belt was golden and belted at the center, and tassels hung from it. And about Her neck she was wearing a medallion. I didn't recognize it. It looked like a pretzel, sort of--medallion. But then on Her head Our Lady has this golden crown. And the crown is just solid gold, but very brilliant. And She is standing there and She has this scepter in her hand, Our Lady.

And now the angels now are repeating what they did before. **They've made a crown of roses, beautiful red, yellow, pink--oh, colors I never saw before.** The roses--the colors are like rainbows all woven into each rose. **And they are placing the garland now--they have floated above Our Lady's head and are placing the garland upon Our Lady's head over the crown.** And it fits very well onto the center

because Our Lady's crown goes from the head center and then out again and then out off in sections like V's, upside down V's. And now they are all stepping back and Our Lady is bowing to us. Our Lady is bowing to us. Oh, and Our Lady said:

Our Lady: **The beads of prayer go throughout the world. They will recover many souls.** There will be many trials, but you will have great hope for you know that I have sent to you the beads for your salvation, and sacramentals. I bless you, My children.

Note: Our Lady said to 'tell your beads' 4/10/72 The word beads originated for meaning 'prayers' in the 13th Century when Our Lady gave St Dominic the Rosary.

Veronica: Our Lady now has placed the scepter into Her other hand. It's a golden long rod, and it looks like it only has a ball with a cross on the top, like the ball--like the world ball with a golden cross on the top. And now Our Lady has moved it into Her left hand and She's taking Her Rosary--it's all gold now; the Rosary is completely golden and very beautiful. She had it tied to the golden tassel. And now Our Lady is blessing everyone: *In the name of the Father, and of the Son, and of the Holy Ghost.* And Our Lady is smiling now. It's very bright. And Our Lady says:

Our Lady: I do not abandon My grounds for all who come to be with Me. I am here on the eve of all feast days and I am here on all feast days. My children, come to Me for I have many graces to share with you. *In the name of the Father, and of the Son, and of the Holy Ghost. Amen.*

Many voices of the pilgrims say: Happy Feast Day!

Veronica: Happy Feast Day, Mother! And a blessed Rosary, and we'll make the Rosaries until they go all the way out throughout the world. Oh, yes.

Our Lady said that would make Her most happy. Yes. Yes. Our Lady said to continue to work. The work becomes difficult, but Our Lady has now in Her hand a large globe and it's just surrounded with Rosaries. They go right about the globe. The Rosaries look more like cord Rosaries. They're not as decorative as the ones Our Lady was holding out. These cord Rosaries are going right around this globe. It's very beautiful.

October 7, 1979 Sunday Holy Hour
