Veronica Lueken:

. . . the sacred grounds, Our Lady had me talk on a Sunday afternoon. But we're in a very crucial time now. There's something developing that is going to give quite a bit of trouble to the Shrine site. Now I don't know how to put this in my own human words, because I'm sure Our Lady could do it much easier than I can and with more proficient words.

However, I have to say that it's caused us a great deal of sorrow, both Our Lady and myself, to know that with all of our prayers the evil is truly accelerating. Now there's one thing has to be stressed. Our Lady is very deeply grieved that sin is becoming a way of life.

Now I have to say in all truthfulness that homosexuality shall never be condoned by God. It is an abomination; it is a sin; and it will bring hell - eternal damnation unless this sin is - the person does penance and turns from that person's sin. However, the numbers of souls are fast falling into hell because those who should know better now are condoning sin. They are using their high places among the people, they're teaching - their learned backgrounds, to promote absolute sin as a way of life. Therefore, what can we say? I, myself, do not like to speak using names, but what can we say when we absolutely see evidence that those who should know better and know the true teachings of God, for some reason - and I said to Our Lady, why? Why is this happening?

But you know, there are many reasons for this other than what's on the surface. I believe because of money and power, many now are selling their souls. Because they've lost the true faith and they are now more concerned with keeping their high positions in life than to realize that it's all passing and it's only a temporary state. But sad to say, even those who have been given the keys are throwing them away, Our Lady said. And of course, I have to say I don't know exactly what kind of a shocking thing this was in the Brooklyn diocese to print in the newspapers and influencing so many of our young people onto the wrong road by absolutely opening the doors for legislation to come forward which will absolutely take away the stigma of sin and the abomination of homosexuality.

Now you must remember, even those who don't believe us, obviously - it's obvious now that they are not believing even in the words of God in the Bible. Man is rewriting it now, the Bible, to suit his own basic carnal nature of the fallen mankind. However, I know that if you would read your Bible, how much clearer could it be that God the Father Himself stated when He destroyed Sodom that is was because of the sin of sodomy that the cities of Sodom and Gomorrah were destroyed.

So what are they asking for here in our city, New York, but a destruction. And where can we go from here but to pray. Now I say it's a situation that's so horrible and makes me so very ill due to the fact that - I am not passing judgment; when you speak out you're not really trying to pass judgment or place yourself and say that hooray for me, I'm saved - that soul is going to hell. Our Lady says no, that they must be warned. Because therefore, if they're warned and they know what's going on, they are responsible for their souls to God the Father. And they are being warned, and the bishop - Bishop Mugavero, he has to understand, Our Lady said, that he is on the road to hell. Even as a bishop, a son of the Church. Perhaps some of us, with our penance and our own sacrifices and our prayers can open his eyes. See, he's in darkness. Anything that can come out from a pastoral letter to a priest that has that in it is an abomination. It's condoning, it's opening the road to legislation in New York - and

you watch and see if it doesn't happen. The next thing - first the abortions, then they're going to make sin a way of life by allowing homosexuals to roam the streets and bands of homosexual boys will be attacking the populace. And it's such a horrible state that Saint Paul himself said that in the end days men will be consorting, doing shameful things with men, and having no sense of shame. And that's exactly what's happening. They're making it so it's not a shameful thing anymore. But it is, because it's an abomination; it's taking the God-given gift of creation of life and using it like an animal.

Now Our Lady said - and you know it's in the message, that you are fornicating like animals. And now I know - at the time I hesitated even to give out the message. It was embarrassing, I said, fornicating like animals! But I'm not afraid to say it anymore because they are fornicating like animals. They are absolutely becoming debased, degraded, debauched, and I don't know what other words. Our Lady could say it much better. That's the limit of my vocabulary to say that it's absolutely disgusting, what's happening now. It's absolutely disgusting in the eyes of God. And it's sad, because it only will lead to destruction: destruction of New York, destruction of souls, and not only that, the destruction within the Church. And another thing, too, we're in for a terrible, terrible onslaught from satan.

Now you're going to see now, there's going to be coming up information coming out of other apparition sites about the excommunication of priests. Now what happens in the future I don't know, only God the Father has the plan, but I will say Our Lady does not want the priests leaving the Church now. Now if you're going to pull up and run away because you don't like what's going on, you're going to leave Rome wide open to the enemy to take over, and that's the plan of satan.

Now much as I understand - I realize how difficult it is for a priest to have to go along with what's going on, but he has to remember he cannot do a thing about it. It's going to take Jesus Himself and Our Lady and the people's prayers and people getting together. One man cannot go out - we're not Protestants; if they all start leaving the Church and setting up, even though their intentions are good - remember, Our Lady said, the road to hell is paved with good intentions. You have to recognize is this coming from God or is this coming from satan? Now satan can work very well - you see, this is what's difficult.

I don't mind anymore, myself, what the holy Church at this present time thinks of me or the apparitions, or anything. I realize that they have to be careful. All of a sudden throughout the world there are hundreds of apparitions showing up, you know, claims of apparitions. So they have a difficult task trying to figure out who is true and who is not. So I understand their position. It might take years and years and years. It doesn't matter, as long as the world gets the message and it's brought before them. That's all we care about. I mean, we've reached the point where we don't have to ask somebody to prove it. That's not necessary, because we're reaching a point now in the work where we're coming towards the end and it's not necessary to be concerned about whether they believe or not, just as long as we give them the message and they've had their chance. That's all you can do. But the fact is, there's a horrible debauchery starting and if it goes on the Supreme Court will also legalize - you know, you won't be able to even open your mouth against them. It'll be almost like civil rights. But how are they doing this? Just as Saint Paul said, when they cry "peace, peace, love and brotherhood," then comes the end.

It's all - it's so wicked, that if you could only understand it's all underhanded, using this brotherhood and love, it gets just so out of proportion, Our Lady said, that now it's being used to cover everything. And unless you're absolutely stupid or lack grace . . . ----- you can see, you can actually see how absolutely depraved it is. And I say, this week's developments were just about the most sickening I've heard yet, because . . .

So you don't, like Our Lady said, don't get upset about it, really, because your blood pressure will rise, but realize that even though this has happened, it will be used by the Eternal Father to develop Our Lady's work more. Because you see, people aren't stupid. I mean, and people realize, and those with the Faith know right from wrong. And nobody's going to try to shove down their throats or change their minds over when they know in their hearts what is true.

But I will say we will have to pray, we'll have to pray harder for the bishops and the cardinals so that those that do have the faith aren't afraid to come forward and help a little and not worry about what the next fellow thinks. All they have to remember is if they go back to their basic training, if you want to look at that, their regimens, you

know, their basic training in the seminaries, the good seminaries. For there is only one person they have to account to. That is God the Father. And Jesus and Our Lady are helping, but it is God the Father. And they gain nothing by this.

But you see, if you go out into the world you kind of forget that. It's so easy. Once you become involved with the world and you don't keep within the spirit and you don't keep the things of the spirit, and start pushing yourself into the world you lose sight. You get off the road. That's what Jesus means by stay on the narrow road. Because the wide road is very wide, and once you leave it, it's very hard to get back onto the narrow road.

So all I can say is we pray, because to me it's a sad state what's going on because all I know is the Ball of Redemption is heading this way, and it could happen any day. The Warning I know is coming very soon, but this didn't have to be. I sent the letter to the bishop as requested by Our Lady, and it seems as soon as that letter got there, I don't know what happened. It's just very disturbing. I wrote, and up came this pastoral letter about homosexuality. And I thought oh, well, that's satan working. So we just have to continue with Our Lady's message and get it out to the world because in the Ball of Redemption many will die by the great flame of the Ball of Redemption, and only a few are going to be saved. Now I keep saying a few - I keep asking Our Lady how few are a few? And She just repeats: "A few will be saved." So in the world's populace I think that's quite a small number.

Well, what else can I say but we'll continue with our prayers and our good example. That's all you can do. And you have to stay there. Maybe in the future there will be what they refer to as an underground Church and everything, but it's not for now. Now is not the time for that. Now is the time to stay and try to straighten it out, you know. Like Our Lady says, don't desert the rock of Peter but keep going. You know, keep bailing it out.

So therefore, ask the priests or any person, don't leave. Don't leave. I mean you're just falling into satan's plan now. And it's very heartbreaking. If I could only explain. I can't put it into words. It would take hours to explain the plan of satan. And this is it, to try to get everyone to leave now. And our message of Our Lady is not telling the priests to leave. It's telling them to stay and fight. Stay and fight.

Now if you don't like your pastor it doesn't mean you have to leave holy Church and set up a new church, a storefront church. No. Even people in your parish - you don't like your parish. Well, support your parish, but if you think you just can't stand what he's doing, go to another church. Jesus is in the Roman Catholic Church, any building - you understand? You don't have to leave the Church and go and become a protestant, you know? Because once you break ties with Rome, it take hundreds of years if you're ever excommunicated, I understand, to get back.

Now they'll say to you, like people have said to me all last week on the telephone, there is no Rome. Oh, yes, there is a Rome. They're not all bad. I mean, there's a big war going on over there of the spirits, but they're not all bad. There are a lot of good cardinals and bishops left. But you just can't run away, because if they find there's enough people behind them perhaps they'll stop this. And it has to stop, you know. Because if they don't stop it one way I know Jesus is going to stop it. In the picture, the Jacinta 1972 picture, Jesus said two years ago that consider that picture as a puzzle for the human race to figure out. "If not solved in due time, I will set the answer upon the world, Myself."

In other words, the warning of Fatima is for today. That part of Jacinta's message is for today - the coming of the Warning and the terrible abominations within the Church and the abuse to the Holy Father, and the disobedience to the Holy Father. And you know they are disobedient, because this very pastoral letter came out right after the Holy Father was to have issued from Rome, like I - you understand the Holy Father now - there is an impostor, regardless of whether they laugh or scream or what. Why they dug up this impostor, I don't know. I feel in my heart it's because - I don't believe he's dead yet, Pope Paul, I don't believe so, but he's kept very ill. He's in this condition . . . Perhaps they started out - I asked Our Lady why did they bring out this impostor? People have asked me. I said well, I feel in my heart it's because even if he were so ill, there were appearances to be made. And it's a strange thing about stand-ins and impostors, or they just decided they are going to go ahead and promote the reign of antichrist there on their own and put him out of the way. But they can't kill him yet because there's too much legal technicality, so they keep him ill.

And believe it or not, I have been trying now to reach wherever he is, and it's a complete blank. No one is doing anything. And that's surprising. I've contacted cardinals. I've contacted cardinals, and I do get the strangest answers. How they - first they laugh off the message as being a little ridiculous, and then they say well, after all, I'm looking for my own interest. Well, they either have their eye on the papacy or they want to get ahead in Rome. Therefore they don't want to get involved. And that's - all they will tell me is that they don't want to get involved.

So never mind. I'm a little stupid, but I don't think I'm that dumb. I realize then that no one can come to me and say that I saw him last week and he's well, or I just visited with him, so that's a lot of baloney. I'd say well there, we have something to work on. But not one of them can do that. It's like they're running around, like in a cat and mouse game, Our Lady said. And that's exactly what it is. So I realize when Our Lady said - when She gave us this message, we're the only ones who have received, I believe, about the impostor, except another apostleship in Canada - there's going to be a lot of trouble, but that's because satan is smart. It was quite a thing to bring forward. But you understand truth is truth, and this is going on.

And there were stranger things than that going on in world history if you would consult our back historical times. Therefore, it's nothing new. It's been done before. And all we can hope now is that Pope Paul hangs on. And maybe, maybe - because it's all over Rome, that message of September the 27th, I understand. Perhaps we've flushed them out. Now if he disappears, if he leaves, the impostor, perhaps that was the plan of God. You see, I don't know why we were given this message to get it to the world. Frighten them out, realize they're exposed, and stop these shenanigans over here. That's what I feel. I don't know, see. As an instrument for Our Lady, I don't know the full plan of the Father. I don't know why Our Lady gave us this, but we just accept it and give it to the world and let the Eternal Father work it out.

Because the war is going on now, and we are in the time of Armageddon. Don't let anyone tell you we're not, because we're heading fast for the big war Our Lady speaks of, the Third World War.

And it won't be long. We're in the apostasy now; we're in the great apostasy, even though many don't believe it.

And now I don't like to promote a book - I don't want to say that. See, I feel odd about it. But so much has been now condensed into reading matter - all these years of, with Our Lady's message - that it's best to see an overall picture. See, people see the message and they kind of judge you by the one sheet, you know? But they don't know the story behind it. So we're trying to get everything together now.

Well, I don't want to take your time. I realize that I arrived here late today, but all I could say is just keep praying and I'll be here as long as I can, with the grace of God. And I thank you for all of the prayers that I'm sure returned me to my feet much to the surprise of the doctor. You know, he doesn't know the plan of God. He says you're going to be dead, you know. And I said oh, no I'm not, I won't go until the Eternal Father says so. He said hmm. You know? But he doesn't know Our Lady's plan and Jesus'. So we'll continue to pray. And the vigils continue with or without me, Our Lady said. And we'll see.

And I do hope that someone is close enough to Bishop Mugavero to make him realize, even if he was forced to do this - there are some terribly ugly things going on now. Our Lady made me understand that many people are doing things they really don't want to in their heart, but they don't have the courage to fight it. They're going along the easy way. And they get their orders to write things.

I don't even think Bishop Mugavero writes his own letters. I really don't think so. I think there's somebody else writes them for him, you know. Because I saw him a couple of times and - I'm not judging or trying to give my ideas of someone, but from looking at him he didn't look that bad. He didn't look that bad. So I said, ah! There's somebody working. And then remember - I don't like to say anything on my own because Jesus says not to judge. There but for the grace of God go I. How do we know, if I were in his spot, what I would be doing, under the pressures he lives under. So actually we're not judging, but we are saying that Our Lady said this is making everyone in Heaven very unhappy and it's leading souls to hell.

So that's all we can say, is to wake up - you know, Our Lady says wake up the pastors. Realize that they're only being used. You know, they're only being used. **And they're used by satan majorly, and that's what's so bad.**

In the name of the Father, and of the Son, and of the Holy Ghost. Amen.
