MIRACULOUS PHOTOGRAPHS VERIFY OUR LADY'S MESSAGE

Veronica: Last night there must have been at least a hundred pictures taken to verify Our Lady's message.

Oh, this is good. Now look: 666 written in green. See? There, look - 666; 666 in green numbers. Do you see the sixes down there? Right here, 666. It's written right out. How much clearer could you want it?

Look, 666 written right here, for the bishops, here: warning to all priests (see the eights here?) who are going into the communist regime: they will burn! And here is a picture taken by P. M., and it shows the bishop burning here, a warning to all who have joined the Red forces of communism in Rome: you will burn, Our Lady said. You will burn unless you come back to the fold, break away from these forces of evil that have engulfed them. Because if now you are engulfed by the forces of evil, but you will burn and be engulfed by the flames.

The warning, the "3" for warning, the 666, has been given in pictures last evening. Now here - look: warning to all those who are 666. Look at that. Look at that green. Benelli - yes, B for Cardinal Benelli, Cardinal Villot, and Archbishop Casaroli. It's Archbishop Benelli, Archbishop Casaroli, and Cardinal Villot, who Our Lady has said have great power now in Rome, and they're being influenced by the wrong forces. Here's the bishops. See the outline?

These pictures last evening - in fact since you're taping this I think the date should be given - at the eve of the Feast of Easter we received magnificent photographs to back up and absolutely prove the message Our Lady gave last night. They're undoubtable. I mean, if anyone should investigate they will see that everything Our Lady has said has come out in photographs, not been taken by one person, but by many. We must have received at least one hundred photographs of the coming Ball of Redemption and the message of warning to all bishops and cardinals and priests in the Church of Jesus.

Our Lady made it known last night that 666, the forces of evil, the fight of the Armageddon, the fight between good and evil, are now taking place. This fight is taking place in Rome and in Jesus' Church, the Roman Catholic Church, and Pope Paul is undergoing a great suffering, a strain which will eventually lead to martyrdom. And of course, the agents of 666 plan to put their own pope in the Seat of Peter. And the only thing I can say in my human words, if you think things are going crazy now wait until you see what happens if he gets into the Seat of Peter. It will be like absolute mass insanity.

Already, you understand that people are running around, like Our Lady said, like the chicken with its head chopped off. It's still living, but it's flopping around and running in every direction. Because there's confusion and delusion now in the world among the people. There's a loss of morals, there's a degeneration of family life - everything that precedes the downfall of a country. Therefore, if we continue the United States of America, Canada, and all of the nations throughout the world, the great World War will start, with nation against nation, brother against sister, brother against brother, and there will be a cataclysm resulting in the loss of much life throughout the world, Our Lady said last evening, culminating with the Ball of Redemption which will be sent supernaturally by the Eternal Father as a chastisement to a degenerate generation. This will coincide with the Third World War,

which, because of the instruments being developed by USSR and other major nations of great power, they are building up armaments while the United States is slowly falling behind, Our Lady said.

However, we do not advocate fighting among our brothers and sisters. But Our Lady said you must be warned. As She said at the last vigil, "While they are shaking your hands they are sharpening the blade."
