VISITING THE NURSING HOME TO PRAY FOR KAREN QUINLAN (in a coma)

**Veronica Lueken:** The people who are going to volunteer - we asked for volunteers to go in a group representing Our Lady over to New Jersey, to Morris Plains to the nursing home where Karen Quinlan is being held. I say "held," you know. That's the only appropriate word I could put it.

Now I know, I can tell you that Ann Ferguson took the photograph - we have a tremendous miraculous picture given by Our Lady some time ago when this all started, and in reading the picture - it's quite obvious, it's not one that you have to look carefully, right? You see Karen Quinlan lying down. She has a short haircut. She's dressed in a short nightgown. She's very bony, very thin. But then, if you turn the picture to the right, the Polaroid, you'll see her standing up, actually standing up on her legs. Her legs are very thin, she has a short nightgown, short haircut. I know the picture; I've looked at it, and Ann has the photograph. But wrapped around her legs is the number 8, which means the Eucharist.

I'm certain - I don't know just exactly what God wants of us, in His plan, but I am certain with that picture it means that if we do something special I believe that Jesus has a plan to awaken her from her coma. It's the only choice left, I know, I feel, to Heaven.

Otherwise, if she expires, we go on to worse things in this country. It's obvious, if she expires. The only thing we can ask is a miracle. And God is still working miracles. Therefore, I'm certain that with this crisis - it's crucial, the issue. God will work a miracle for us if we put in a special effort. And works - prayers without works is not enough anymore. You must - there must be example, and there must be action. Prayers without works is not enough, because - prayers are charitable, but charity is also work, action.

Therefore, anyone - we're trying to assemble a group. It's been done quite hastily, but we're - today, we planned for today. There are banners made. We are not going as protesters, we're going as representatives of Our Lady. We're not there to demonstrate or protest. The peoples that are going are going to pray the Rosary. We are asking Jesus to accept our penance to awaken Karen Quinlan from her coma to prove to mankind that no man shall set himself up as a judge as to who will live and who will die.

And I assure you in this world of Anti-christ the time will come with this test case - it is a test case - if they go ahead and that girl should expire, where will we draw the line? What will happen next? We'll have euthanasia rampant throughout this country. As you know, there are already groups who are trying to bring laws of euthanasia to our country, mercy killings.

And what is life? When does life begin? When does life end? There's only one Person Who knows that - the Eternal Father in Heaven, in the Trinity. And no man shall kill the body. Right now I will say that Jesus - God the Father is not calling - let us put it bluntly: God the Father is not calling Karen Quinlan now, but satan is trying to kill her body.

Now I believe that it will be a great punishment from Heaven to mankind should she die and legislation continues on, because this country now is in a position, without a complete reversal of its ways now, the Ball of Redemption which is becoming very prominent - our pictures now are coming out with the Ball as it was during the

time of Kohoutek. That means that should this advance - and how do we know in our human nature just what God expects of us? All we can do is try, and ask His mercy.

So this will require anyone who is able to proceed over to the grounds. I'm sure that with a few of the - Ben and the ladies who are going, will all get together, and as ladies and gentlemen, you will state Our Lady's cause by praying the Rosary at the hospital. Now I don't know exactly what you'll meet when you go over there, whether you'll meet opposition or rejection, but I'm certain that there are certain laws of our land that permit us to pray, even if you have to walk. And if they forbid assembly, there are - well, you use your discretion and your God-given knowledge, and I know that the Holy Spirit will be with you there to guide you. And there are banners made. They're not banners of protest, but they're banners to awaken people who don't understand the seriousness of the situation.

I wanted to go very desperately - oh, how I want to go! My husband knows, and all others who are with me. Last week I was told I could not go, but I had hoped somehow that there would be a change, so I asked Our Lady - I wanted an absolute sign - that it is not my will, but what does Our Lady expect of me. The photographs we got were not good for my going there myself personally. I feel that I have to - this is something I wanted so badly; I've waited all week to go with them. Art knows; he was going to take the car home, but I have to do what Our Lady tells me. Now we took a miraculous picture - now I say miraculous, because out this gentleman's sleeve, the sleeve, came a black "C". And there's no human reason for this black "C" to be upon his sleeve. This is Heaven's way of giving me what I asked, the knowledge. "C" is warning, warning me, and there's a big "P" came out on my sleeve, which means I will have to pray.

This is something I will not be permitted to go along with physically. I will have to pray. And I send with you the grace from the Paraclete, from the Holy Spirit to accomplish this for Heaven. Because it's important to all mankind. Not only the United States, it seems that the world is taking a following from our country. If this happens here it will become world-wide, even one of mass insanity that Our Lady has spoken of so often in the last six years almost, now.

The world is going into complete spiritual darkness. Life will have no value, and it will be a world that those who eventually are living will envy the dead. Because we are living in a world that has become absolutely unknown to you, for the ways in which will lead itself if this continues.

So we have - in the picture, too - I guess Our Lady knows what would happen - I can't go there for some reason because this photograph taken by another lady shows some kind of an injury to me, and the blood is flowing right out of me onto the grass. It was taken as I held the candle and asked for a sign.

I'd like someone to see this. Now I can tell you these things, but I want you to see this. Here I am holding the candle, asking for a sign. Now look here. Look at all this there. See? See the blood? And it's coming definitely from me. See it there? That is one sign, of injury, right? Our Lady is asking me to stay. Here is the black "C". I'll turn it this way, you can see it better. On I.'s sleeve, where there's no black "C" on his sleeve - "C" means warning. Our Lady is warning me to "P", pray. See the "P" there? To pray.

So it's best that I remain for Our Lady's work. So I'll have to give this to others to take over, which will have to happen eventually, anyway, because the work of Our Lady will go on with or without me, sometime.

Therefore, we all . . . . . but I have great faith that Jesus has a plan. And I wonder if it would be for Our Lady's work, if we could prove to the world that miracle, after it has taken place, that no one has governed life but God the Father. So we'll see. We've got the photographs, but I don't know exactly how much Jesus wants of us in order to bring her out of this coma. A man was in a coma eight years and you know, he survived. He became awake. Who knows where there's brain damage, who really knows what the mind, and what the thought of the brain is? Who knows when it's really dead? What is it that really is life? No human knows, only God the Father. What is that spark of life? And who can say when it's extinguished? And who can say when the soul has left the body? That's why no man should hasten, as Our Lady said last night, the exit of this soul, before its mission is complete. The Father has a plan for everyone that He puts upon earth, the souls.

So now I feel that we are really doing almost, I feel - you heard of the fight that satan had to try to claim the body of Moses - we've heard of that often, because of a little bit of disobedience involved. Therefore, I feel now there's a tug of war going on. Satan wants this girl's body. And I can assure you, too, Our Lady does not want that girl to expire, because she was not in the state of grace when she went into the coma. Now are we going to let satan get her soul? No! This is what it's all about. That girl - it's not just her; that soul's important to Our Lady. And that girl was not in the state of grace when she tried to drown out her terrible involvement she had, her hurtful life, by taking an overdose of drugs or pills. The girl was drugged.

Well, Jesus is merciful. He understands. We can't judge, but I do say there are circumstances that this girl was not in the state of grace. Now no priest should then take it upon himself to exit this soul out when she will have perhaps no redemption. Because they're mistaken if they say that just because Jesus died for us that everyone is going to Heaven. That is not true! Heaven was made for all, but all cannot enter, only those who merit. It is on merit. And it's a fallacy, Our Lady said last night, that everyone will enter Heaven. Therefore, sin as you want, that Jesus Who loves us so will never let you go to hell. That's not true. Or purgatory. There is a hell and there is a purgatory. And this girl is not going to enter Heaven. So are they going to exit her out? Not if we can help it. I'm certain we'll do everything we can and we'll leave the rest up to Jesus and Our Lady.

But right now we've got to get down there and show that there are people who understand and who care. And they are not going to go along and be very apathetic about it - you know, let someone do it, and if it doesn't work out - oh well, it's not me. That's the general, you know, attitude of individuals, unless they're with Our Lady and they have the light to know that the grace in the people makes you really want to stop and help. You don't sit back and just say well, what can I do? Leave it up to Jesus. It doesn't work that way. You've got to really work and pray. You know, actions are prayers and works together.

At this time - this has to be supernatural, by Our Lady, to reach all the people. All who are going now over to Morristown for Our Lady will receive a special grace from Our Lady.

I bless you for Our Lady with Her cross. I bless you with the shield of the Immaculate Conception: In the name of the Father, and of the Son, and of the Holy Ghost. May you be protected by the shield of the Immaculate Conception. In the name of the Father, and of the Son, and of the Holy Ghost.

God speed you, and I know that you're on a special mission for Our Lady. And perhaps we won't have to wait too long. I don't know how much penance - call it penance; any difficulties you encounter, it's penance. And I assure you, at the end of penance is always a great joy, Our Lady and Jesus said. Remember, no matter how difficult the task, accept it because at the end of penance is always a great joy. And we will see. The rest is up to Our Lady now, and Jesus. We're going to see what Their plan is.

Oh, Evelyn received another picture here, a photo miraculous, and on it is a white fish which represents the papacy, fisherman's ring, Pope Paul. But also there are beautiful pink lines leading down from Heaven, and there appears to be on this photo Our Lady with Her arms extended and Her cloak open wide. So there you will be under the protection of Our Lady's mantle. So we . . . oh, yes, it looks like - it is quite a coincidence that the fish is facing towards Jersey. So let's go out there.
