

TESTIMONIAL LETTERS

2004 Issue No. 1, The 34th Anniversary

"Cures and conversions will come about as I have promised to propagate the work and mission on earth of raising in your country the Shrine." Our Lady, December 30, 1972

'Heavenly Surgery'

The First Medically Documented Cure through the Intercession of 'Veronica of the Cross', (Veronica Lueken) and Our Lady of the Roses

Nodule on Lung Disappears

March 29, 2004

"Hi. I had a nodule on my lung for three years. I had a CAT-scan every 6 to 4 months to watch it. The lung surgeon said it was inoperable since I was a risk for surgery. I prayed to many saints. I put the rose petal and Veronica's picture on my chest and prayed that my CAT-scan would be negative for any new growth or change in the nodule. Well, the CAT-scan showed that the nodule disappeared.

By the way, I was a heavy smoker for 45 years. Thank you.

Here is a statement from my lung specialist to tell you that my lung spot disappeared by itself after I prayed and used Veronica's picture, the cloth and rose petal put to my chest. I prayed that the CAT-scan would show no new growth. Much to my surprise, it was gone. Please put this in your files, as I truly believe that Veronica and Our Lady of the Roses helped me. Thank you."

Mrs. G. - New York

May 2004

"Patient, Mrs. G. had a lung spot which was concerning us and cancer was considered. Follow-up CAT-scan, without surgery or medical treatment, showed the spot had greatly improved and now only a scar is there."

Dr. N. H. R., M.D.

Mrs. G. called the Shrine workshop and explained to us the details of her testimonial. She met with her doctor, a lung specialist, to review the results of her March 5th 2004 Cat-scan and as he reviewed the radiologist's report, he said to her, "it's not here. There's nothing here about it." [the nodule] Mrs. G. told us she almost fell off the chair in astonishment. The doctor said the radiologist is very good doctor at reading films and is thorough in his reports. But to make sure there was no error in her CAT-scan reading, he went back to the hospital later to look it up himself. It was then that he realized that he did actually have her correct results and that Mrs. G.'s nodule was truly gone! He had been monitoring it for three years. The doctor told her there was nothing medically to explain its disappearance.

Mrs. G.'s other doctor, the surgeon, told her that he could not operate on her, as it's too great a risk. After he saw her CAT-scan results, he said, "I can't believe it, I never heard of such a thing." He was very happy for her and said, "that's wonderful". And when she left, the surgeon said, "God bless you." Mrs. G. said she knew that if the nodule had grown or spread, they would have immediately begun chemotherapy and radiation treatments on her.

Mrs. G. said she prayed every morning to Veronica of the Cross and Our Lady of the Roses and prayed a Novena to Veronica. She would press the Veronica blessed Holy Card and blessed cloth to her lungs, asking Veronica of the Cross that her nodule would stay the same and not grow or spread. She did not ask for the nodule to go away.

Veronica's crucifix seen here is now preserved in Archives of Our Lady of the Roses. Veronica's picture Holy Card and blessed cloth touched to Veronica's Shrine Vigil Crucifix kissed by Our Lady and is available free from the Shrine. Veronica blessed the sick and infirm with her Shrine Crucifix during the Vigils as Our Lady requested.

"Many miracles of cure and conversion will be given for the edification of the souls and the establishment of these Hallowed Grounds as a place of great cure and conversion, as I have come to you in the plan of the Father as a Mediatrix between God and man." Our Lady, June 18, 1974

Peace After Visiting Shrine

October 16, 2003

.... Before visiting with you and seeing the Shrine, I was so distant from Our Lady. Since then, I have peace, no more anxiety. I have felt myself being brought closer to Blessed Mother....
Shana - Michigan

Teacher's Serious Surgery a Success

April 13, 2004

To Our Lady of the Roses, Mary Help of Mothers Shrine:
This past Christmas my daughter gave her college teacher a card in which she included a Rose Petal and a St. Jude prayer card. She wanted her teacher to have these precious items because he was facing a serious, life-threatening surgery. His doctors had informed him that there was a good chance that he would lose his sense of smell and have to live with numbness of his forehead and around one eye. Our prayers were answered! The surgery was a complete success. Upon his return to school, after a very short recuperation period, the teacher told my daughter that immediately after surgery, he smelled roses! Another amazing thing, the anesthesiologist's name was Dr. Rose. There is no numbness anywhere on his forehead or the eye, as anticipated. Thank you Lord, Blessed Mother (Queen of Heaven and Earth) and St. Jude.
Ms. B. - San Francisco, California

Nephew Cured of Brain Tumor

December 15, 2003

Dear Sirs,

I am enclosing my check for \$10. Please accept this as a contribution for Our Lady's Shrine. I have received some answers to my prayers to Our Lady, most important of which is the cure of a brain tumor for my great nephew. Thanks to Our Lady in this time of need.
Sincerely, Mrs. C. - New York

Could Breathe Again

March 19, 2004

Our Lady of the Roses Shrine,

I woke up in the night having a severe asthma attack. I started praying and reached for my Rose Petal. I placed it on my chest. Feeling I only had a few more breaths to take, I said, "God, am I going to die now?" Then I felt a warmth come over the left side of my chest and down my back along with a tingling sensation. Wondering what it was, I realized I could breathe normally. I knew I had received a miracle through the blessed Rose Petal. I give thanks to Our Heavenly Father, Jesus and Our Lady of the Roses. Thank you so much, I love you. Mrs. P. - Michigan

Returning to the Catholic Church

February 6, 2004

Please send me the prophecies of Our Jesus and Our Lady, also the prayers for the Rosary, the blessed items, brown scapulars and the other items that Jesus and Mary blessed. My husband and I are returning to the Catholic Church. God Bless.
John & Marie - Texas

Brother Died with Last Sacraments

March 19, 2004

I prayed my gay brother would receive a liver transplant, which was successful. He died seven months later with a Scapular on and the Last Sacraments. I am thankful for this miracle.
Ms. B. - Wisconsin

Swelling in Legs Gone

April 28, 2004

Sirs:
I had three strokes and a by-pass on both legs. The operation was a success, but I was left with a lot of swelling at both ankles. I placed your Rose Petals on both feet each day and God Bless, the swelling has gone. The doctor said I would have that forever, but God, Jesus and Blessed Mother said no. Thank you so much. I am ordering more Rose Petals to give to others who are afflicted.
Mr. G. - Massachusetts

Our Lady requests we that wear the Brown Scapular and pray the Rosary for prayer, penance and atonement and the conversion of sinners. Please join in the Rosary Vigils at the Shrine or from your home. Volunteers are needed to make, rosaries and scapulars and blessed rose petals.

"Please submit all testimony of cure, conversion, of Heavenly manifestations for the records we keep for Holy Church."

Veronica, October 2, 1972

All testimonial letters are printed unedited and preserved in the Shrine Archives for the Future Church Investigation and Review as directed by Our Lady to Veronica. Please send the Shrine your testimonials of cures and conversion and letters received from Veronica Lueken.
