### *Told Cancer Was Gone*

November 14, 2001

In April 2001, I was taken to the emergency room. I was told I had cancer of considerable size, (cervical cancer), and in critical condition. My kidneys were shutting down because of the cancer. I had radiation and chemo for the cancer and had shunts put in for the kidneys. Later stints were put in. At the end of May, I was told the cancer had shrunk half down. One week later I had more x-rays and was told the cancer was gone. The doctors were amazed. I had prayers said at Bayside and personally believe I was cured because of the prayers. I needed a miracle and my prayers were answered. A true believer in miracles.

*Leg Not Amputated*

Dear Sir or Madam: August 21, 2001  
I came across a Rose Petal blessed by Jesus and Mary sometime last year at the Cathedral in Philadelphia PA. At the time, my grandmother, who suffered from diabetes and was at the time 88 years old, was in the hospital because her toe had become infected and doctors believed it would be necessary to amputate her leg up to the knee. She was on antibiotics, but they were not working and the doctors informed the family that there was probably an 80% chance that the leg would have to come off. I gave my grandmother the Rose Petal and told her to pray very, very hard. She did this and also informed the nurses and doctors that she wanted to keep the card under her bandages. They all honored her wishes. From the day I gave her the card, until present, she has gotten better. They did have to amputate, however, it was only the toe, not the leg as they had so strongly believed it would have been.... I have also had need to 'borrow' the card from my grandmother. ....If you could be so kind as to send me another card, I would really appreciate it.

Sincerely, T. S. - Pennsylvania

*Prayers Were Granted*

Dear Our Lady of the Roses, September 17, 2001  
I am sending you this offering to thank you for the gift you granted me. My father had an emergency triple by-pass (his second one) and I was very unsure of what would happen and a very dear person to me Gina, gave me the blessed Rose Petal and my Dad wore it before surgery and after and I believe that card. And our prayers were granted.

Sincerely, Tina - California

*Veronica Helps Me*

To Our Lady's Workers August 19, 2001  
I just had to send another donation to you to let you know whenever I call on Veronica, I say Saint Veronica, 'help me to do this or that', and she does. I can just about raise my hand over the top of my head. I have arthritis, so I ask, 'Saint Veronica, as she is a Saint, 'please help me to do my hair'. I dye it black and honest to God, she did help me and she did. It was the best dye job I ever did. I told Veronica I would send a little something to Our Lady of the Roses. No matter what I ask her for, she is right there to help me. ...God Bless each of you. Our Lady of the Roses was always with me over the years.
