

TESTIMONIAL LETTERS

Issue No. 2, August 2005

The Original and True Shrine founded by Veronica - P.O. Box 52, Bayside, NY 11361

"There will be dispersed among you many cures and conversions for the propagation of the mission from Heaven."
Our Lady, August 5, 1974

"She is Real"

Dear Friends,

July 12, 2005

May 22, 2005 was the first time I took my 3 year old daughter, Katie-Ann, to the Sunday Holy Rosary Hour. Prior to this day, she had never been exposed to any religious settings, such as Churches or religious schools...etc. Although I have been telling her stories of angels and Jesus Christ, her understanding and knowledge is still very minimal.

As we arrived at the Vatican Pavilion, she noticed the Shrine Statue and asked me if there's a real person inside the Shrine Statue as analogous to Mickey Mouse that she met at Disney.

I told her "No". It is a Shrine Statue of Virgin Mary, like a 'doll', trying to use a language for a 3 year old. She stood beside me during the vigil, then 10-15 minutes later she said to me firmly: "Mommy, (pointing at the Shrine Statue), *She isn't a 'doll', She is a REAL PERSON!*" I was amazed with her statement. I asked: "Why did you say that?" Katie-Ann replied: "She just spoke to me." I asked further: "What did She say to you and what did She look like?" She answered: "She spoke softly that I couldn't hear Her well. She was in pure white, She then flew up through the tree and disappeared!"

On May 29, 2005, I took Katie-Ann to the Holy Sunday Rosary Hour again. Although Our Lady didn't speak to her as She did last time, but according to her, **Our Lady smiled** at her.

Thanks to Our Lady of the Roses for Her appearance to my daughter. It was truly a blessing and I'm grateful for her to 'meet' Our Lady. I hope this spiritual and unforgettable experience will be embedded in her heart forever. Thank you. God bless you all.

Mrs. F. - New York

Our Lady of the Roses Holy Hour on Sunday, May 22, 2005 at the Vatican Pavilion Site in Flushing Meadows Park, Queens, NY (the original Statue from 1973 that Our Lady and Jesus appeared over to Veronica)

Recovery from Blood Cancer

February 4, 2005

Greetings:

Approximately six months ago my brother was **diagnosed with Myeloma, cancer of the blood**. He began taking chemotherapy treatments shortly thereafter and continued this for several months.

He was given "The Lourdes of America" Rose Petal, about the time he was diagnosed with cancer, to carry with him wherever he went. Shortly after this past Christmas, the doctors diagnosed his condition and **found no sign of cancer**. We had all but given up hope of cancer remission and were very relieved to learn of this miraculous recovery from this dreaded disease.

We attribute his recovery to the "miracle of the rose petal" and faith in your wonderful and miraculous Shrine. May God continue to bless you and the wonderful work you are doing. Sincerely yours in Christ. Mr. J. C. - Kansas

[Myeloma - A tumor originating in cells of the hematopoietic portion of bone marrow. Multiple myeloma: A neoplastic disease characterized by the infiltration of bone and bone marrow of myeloma cells forming multiple tumor masses. Usually progressive and generally fatal. Accompanied by anemia, renal lesions, and high globulin levels in blood. Common in 6th decade of life. More frequent in males by ratio of 3:1.] Taber's Medical Dictionary 12th Ed. 1975

Surgery Not Needed

January 8, 2005

Two doctors and three tests showed that Pat (my husband) needed an angioplasty, stent or by-pass. Many people prayed for him. I thank the intercession of Our Lady of the Roses that **he needed none** of the above. He had a heart catheterization (final test) on December 8th That's the day he received his first cure previously on the Shrine grounds. Praise be to Jesus and Our Lady, Mary Help of Mothers. She truly helps all. Enclosed is my order and donation. God love you.

Sincerely, Colette - PA

Our Lady of the Roses Blessed Rose Petals

Veronica sent a note to a pilgrim who inquired on the rose petal he received from the Shrine. Veronica wrote:

"Answer: It is a special Grace - the Rose Petal, etc. Our Hearts and Prayers are with you." Veronica, JMJT

Happy 35th Anniversary Blessed Mother. Our family has been devoted since 1988. We have had many prayers answered and saw miracles on visits to Bayside. May God bless all you workers.

Mr. & Mrs. M. - New Jersey

TESTIMONIAL LETTERS

"I will accelerate the miracles of cures. It will make the road ahead less difficult with your bishop."

Jesus to Veronica, May 27 1978

Son's Surgery a Miracle

July 28, 2003

Dear Our Lady of the Roses Original Shrine,

In the 1980's, I was 18 and my boyfriend was approximately 21 at the time we both visited your Shrine with my mother. She was a Shrine goer for a while before we accompanied her. Never did we realize that we would marry and return to the Bayside Shrine asking for a cure for our first born son, Terrence. Terrence was **diagnosed with a very rare sarcoma** at the age of nine. His prognosis wasn't the greatest since his tumor eventually measured 6.5 cm (anything over 5cm was a cause for concern and lowered his chances for survival).

We did take him to the Bayside, Our Lady of the Roses site in Flushing Meadows Park in 1992, (the night before his surgery), to remove this cancerous tumor. He touched the Statue of the Blessed Mother during the Rosary at the request of his grandmother. She pleaded with the gentleman who assisted at the Shrine to break the rules and let Terrence touch the Statue during the Rosary since we did have to return home due to an early scheduled surgery in the a.m.

After being carried to the Statue by these gentlemen, (carried due to residual effects of past surgeries and here was wheelchair bound.) Terrence did indeed touch Our Lady's Statue. Terrence when asked by me what occurred **when he touched the Statue simply stated he felt a "tingling" sensation.** His surgery in the a.m. was a success on all accounts.

Terrence had had many, many veins and arteries growing into his tumor that was anticipated to have needed a vascular surgeon to remove it. After surgery Terrence's orthopedic surgeon **stated "the veins and arteries just peeled off his tumor"**. No vascular surgeon was needed.

My best friend's sister who currently worked at this hospital stated to my best friend that she stopped an orthopedic resident in the hallway that day at the hospital and asked, did he know anything of Terrence's surgery that day? He responded, (as so I am told): *"that kid is going to be o.k. Everyone is talking about it. The tumor just fell out of his leg."* Neither my best friend who recounted this story, nor her sister to the best of my knowledge knew he had touched the Statue the night before.

Terrence is now cured and is doing well in life and at college. **We have the Blessed Mother to thank** from the bottom of our hearts for this.

Let the story of Bayside (original Shrine) be told.

Sincerely, Mrs. McC. - New York

Surgery Not Needed

January, 19, 2005

Our Lady of the Roses has favored my husband with a miracle. Rudy had cancer in his nose for the past three years. We did not have health insurance, therefore he let it go and it grew worse! But on discovering that Social Security would pay for his hospital, he had his cancer removed from his nose. The doctor asked him to come back again for a check up on November 19, 2004 when another operation was done on his nose taking away half of his skin. More cancer! The doctor told him that **plastic surgery was needed to repair his nose!**

All during this time, my friend gave me a petal of the rose, that I put under his pillow and I prayed the Rosary asking Our Lady for help to pay for his needed surgery to repair his big hole in half of his nose!

On January 6, he went to the doctor to remove the bandages and to discuss his plastic surgery removing half of his ear lobe! We were very surprised to find out that Rudy's skin **had grown on the side of his nose and he didn't need any further operation!**

I told my friend, the one who gave me the blessed rose petal about the MIRACLE and she suggested to write to you and to send you a donation - that we can afford. God Bless you all. Please pray for us in gratitude for the miracle to Our Lady of the Roses!

Angelina - California

Tooth Saved with Rose Petal

January 29, 2005

I had a bad toothache that was infected. I put a rose petal on my cheek and with medication about two weeks it was o.k. and it didn't need to be pulled.

Mr. P. - AZ

Severe Pain Stopped

Dear Lady of the Roses,

May 1, 2003

Two days back I got a very severe pain at the back near my neck. I couldn't bear it, and it was in the night. Then and there I placed the Rose Petal and the severe pain stopped and it was near my neck until the following evening past. Our Lady of the Roses, a million thanks for that. It was a miracle.

Mrs. W. - Arizona

"Please submit all testimony of cure, conversion, of Heavenly manifestations for the records we keep for Holy Church."

Veronica, October 2, 1972

Our Lady of the Roses®, **Mary Help of Mothers Shrine** is an apparition site of Our Lady and Jesus' appearances from June 18, 1970 to 1995 to the late Veronica Lueken (July 12, 1923-Aug 3, 1995), 'Veronica of the Cross'®. Our Lady requested 3 hour Rosary Vigils on the Eve of all Feast Days, (7:30pm to 10:30pm) and Sunday Holy Hours (10:30am) held at the Vatican Pavilion Site in Flushing Meadows Park, Queens, Long Island, NY. Countless cures and conversions have been received. All are welcome! Contact the original, true Shrine below for a free blessed rose petal, Vigil schedule, messages, directions or to send prayer petitions.
