Saw Our Lady at Shrine Vigil

March 24, 2006

Dear Our Lady of the Roses,

This was my first trip to the Sacred Grounds at Flushing Meadows. I had no expectation, I just had to be there. Half way through the Vigil I went to my car to warm up. I was under dressed on this chilly night. While sitting in my car, I looked to my left above the trees. **There was Our Lady, smiling down at the Vigil.** She is so beautiful. The look of love and compassion on Her face illuminated the sky. I don't know why I was blessed to see Her, but I will never forget this experience. Thank you Holy Mother for showing mercy on a man who has stumbled so many times. Paul - Philadelphia, PA

Arthritis Pain Gone

May 17, 2006

Dear Our Lady of the Roses

I was having pain and discomfort in my right hand from arthritis. I was having a hard time closing my hand and making a fist. I put the Rose Petal on my hand when I went to bed. After the third night **the pain was gone.** It was a miracle. I want to thank Our Lady of the Roses and the Blessed Mother. I carry Our Lady of the Roses rose petal prayer card with me wherever I go at all times. I have been spreading the good words and hope and cheer to all I can, and passing on the prayer cards to anyone I feel needs one. People can't thank me enough. I am happy for them. They make my day special. Again I thank you from the bottom of my heart.

Cured of Depression

May 20, 2006

Dear Our Lady of the Roses, Mary Help of Mothers Shrine,

I am writing in thanksgiving to Our Blessed Mother and Baby Jesus. **I was rescued from the depths of severe depression.** By Her grace and the intercession of Sts. Therese, Padre Pio, St. Raphael, St. Dymphna, St. Anne and many other saints, I was cured in record time. I am myself again and I am forever grateful to Our Lady. Yours in Christ, Anne - Florida

Wife Fine after Cancer & Stroke

April 25, 2006

I want to thank the Blessed Mother for what She did for her. My wife Fanny had cancer five times, plus a stroke and other ailments throughout her body. I was so worried I didn't know what to do. We found out about Bayside and started to make the novenas and **15 years later she is doing fine.** We owe it all to Our Lady. I pray all the time to Her. Thank you Blessed Mother for what you did. Please continue to pray for her. Thank you.

Knee Better & Pain Gone

May 9, 2006

Last Wednesday my knee from an injury in Germany 1944 World War II again began aching with intense, unbearable pain. My V.A. brace supports and cream rubs offered no pain relief or support to stand or walk.

In the past after a few days, these ailments would subside. This time it got worse. On Saturday night, my cousin and her friend could see the excruciating pain in my face. The friend, (E.K.), said place this Our Lady of the Roses prayer and petal on your knee when you go to bed. Saturday night with the Rose Petal on my knee, I awoke about 1am with a deep burning sensation on the same knee. I rolled over and went back to sleep. I woke up in the morning with no pain. **I could move freely turn and lift my leg - NO pain.** I tentatively moved my leg and placed it on the floor, testing it gingerly to see if it would support me. With the test I found out that **I could stand on my complete body weight on the former bad knee.** I now walk up and down stairs with no assistance. (I still hold on the railing).

I feel certain Our Lady was the reason for this cure. Thank you.

Lymph Node Cancer Gone & Faith Restored

April 13, 2006

Our Dear Lady of the Roses and Our Lady's Workers,

I have a brother who lives in Colorado. His grand daughter who is nineteen discovered she has lymph node cancer. He asked me to pray for her a very powerful prayer so I prayed to Our Dear Lady and the Infant Jesus of Prague novena. She was on all the treatments for a year. On her last visit, thanks be to Our Dear Lady and her Divine Son **she was cured. Since then she goes to mass every Sunday and has her faith back.**

Also, my brother had brain surgery last week and called me to pray for him. His surgery was a success and they removed a tumor, but he may need treatments.

I believe and adore Our Lady and Jesus and will never stop praying especially when sometimes my prayers are not always answered. God Bless you dear workers. You are the right hand of Jesus and Mary.

Helped with Prostate Problem

April 15, 2006

I used to attend the Vigil on a few occasions when Veronica was alive. I don't recall the circumstance, but I was thinking whether Jesus had a sense of humor. Minutes later I was listening as Jesus spoke to Veronica and He said "... *Yes, we have a sense of humor in Heaven...*" Amazing!

I prayed to Our Lady of the Roses and Jesus, Mary and Joseph to help me with my prostate problem, to make it not get any worse or cure; to find a way. Well, after several months I want to publicly thank Our Lady, Jesus and Joseph. **I barely have any problem.** Thank you.

No Change in Lung Tumors

Hi Friends,

December 8, 2005

I was a second hand smoker for 20 some years. I lost two family members to lung cancer due to smoking. In the year 2003, I had a C-scan and my doctor told me I had a few small tumors on my lungs and they are inoperable and no medicine is available to treat them either. And the other news was that all my major organs were unremarkable. [meaning there was no spread of lung tumor throughout my body or to any major organs.] Soon after I read about the testimonial of the lady who had the 'Heavenly Surgery' in May 2005, I decided to make the same novena to pray to *Our Lady and to Veronica* - not to ask for a cure, but for heavenly help. The follow-up C-scan in October 2005 had great news. The doctor said my major organs are restored to normal and **there is no change, no new growth on the tumors** and no need for a future C-scan either. Thank God. Thanks be to the Lord Jesus. Thanks be to the Holy Mother of God. Our Lady saved my life again. And thanks to Veronica of the Cross too. Enclosed herewith is my humble donation to Our Lady of the Roses Shrine. Thanks for keeping up the good work for Our Lady.
