Pilgrimage Blessings from the Shrine

April 13, 2007

I must thank you also for being there for us. **We all had a wonderful and unforgettable visit at Our Lady of the Roses Shrine.**

I meant to write you earlier to share with you what we witnessed.

On Saturday morning, on our way to Our Lady of the Roses Shrine, after having said the Rosary, some

of us saw the sun spinning clockwise. And it looked like a Holy Host came out of it and stayed just below the sun on the right side. On the left side, there was a heart. On Sunday morning, on our way back home from New Jersey, after having said our prayers on the bus, we all saw lots of rose petals hanging in the sky. Some saw them falling down and they kept coming down. One of us saw Our Lady in the sun, another saw Our Lady in the window of the bus and another saw a strong light coming into the bus. We were so happy to see all that. **We all came back with something in our heart to be treasured and we all felt so good that Mother Mary was with us and She was pleased with us that She showered us with all these petals.** I hope to be able to plan another trip in the future for the Shrine Vigils. I'll let you know about it.

Rose Petal Given to a Sick Child

November 3, 2007

Dear Workers,

I thought I should tell you this - I had to go to the hospital for dizziness. In the next room in the ER (emergency room), was a small child, around five years old, in pain. Her eyes were red and swollen, with flushed face and coughing. Her parents were so worried. **I gave her the rose petal card and the little girl hugged it.** A while later, when going out, **I was surprised to see her bright eyed and smiling and her face healthy looking again.** Her father thanked me about three times. I guess the Blessed Mother Mary wanted this child better. I forgot to ask them to write to you. Please accept my small gift and use it as needed. Thank you for your kindness. Love and prayers,

Mrs. S. - Pennsylvania

Sister cured of Cancer

January 25, 2007

Three years ago, my sister was diagnosed with Stage 3 Hodgkin's Lymphoma.

After undergoing chemotherapy and radiation, the cancer was gone for a while. About six months later, she had a recurrence and they wanted to do a stem - cell transplant, which would have kept her in the hospital for about a month. She did not want to be separated from her three year old son that long and was despondent.

We prayed very hard for her and **I sent her name to Our Lady of the Roses to be prayed for, also.**

I received the rose petals and gave her some to carry.

After undergoing another round of chemo, they determined that she was in remission and the stem - cell transplant was not necessary.

This is now a year later, and there is no sign of the cancer. We know she got a miracle! Thanks to Our Lady!

Cured from Dengue Fever

January 2008

To the Workers of Our Lady of the Roses,

My name is Annabelle W. My son, Shawn Christopher, was hospitalized for Dengue Fever. His platelet count was getting lower every day after the fever had subsided. It may have cost him his life. Then I remembered the petal of Our Lady of the Roses. My son, Shawn, was 6 years old, when he complained of stomach pains, **I put the rose petal on his hurting tummy and it stopped every time I prayed the Hail Mary.** He regained his appetite and the doctor was wondering how he could eat in his condition.

Cured of a Rare Illness

January 26, 2008

Hello Ladies!

First, I have sent you lots of rose petals to you and you have sent laminated ones back to me! I, in turn, have sent them to Florida, California, all over Massachusetts, along with brown scapulars and crosses. I Believe in all these items (Marlboro is usually passed over in terrible storms - no one can tell me a crucifix doesn't help!). I also wrote you a few years back. I got "Guillian-Barre" syndrome - only one in one hundred thousand get this sickness. My legs were paralyzed and my arms were becoming the same. Over three weeks in intensive care, no one knew what I had. Some of the eighteen doctors that saw me every day said I would not walk again - ever! While holding my rose petal, I said "Don't bet on it."! Today I am walking and moving my arms and hands very nicely thanks to Our Blessed Mother!

The supplies I'm ordering are going to Iraq, along with a goodie box of hand warmers, hard candy, teddy bears (to hug), note cards, Valentine stuff, to a woman, a mother of two pre - teens that works in an ER at the hospital. I sent her a scapular. She wrote back and said she already had one on her "dog - tag" ID and hoped it was ok to give it to another soldier. He was very appreciative. I have never met this woman, but I now know her. God works in mysterious ways.

I have five scapulars, four crucifixes and ten rose petals already packed up for the service men and women in Iraq!! So, Blessed Mother is going to Iraq. Please find my check enclosed. I'm glad you people, volunteers, are there! I'm grateful and am spreading the word of Our Lady since 1995. God bless, thanks.

Waiting for Our Lady's Sign for the Bishop

November 5, 2006

To Our Lady of the Roses Shrine:

Thank you for putting my name and intentions at the Shrine Rosary vigils. Enclosed, please find a donation for the upcoming vigils and intention list. I was glad to hear about the readiness of the Our Lady of the Roses documents that are all ready and waiting for Our Lady's sign and the local Bishop to begin the Church investigation, and the building of the convent and the basilica. May God bless you all. Sincerely,

Mrs. C. - New Jersey

Watches cable TV program

December 28, 2007

Dear Reverend Father,

I have been observing the works of Our Holy Mother of the Roses on cable TV, and I believe in Her healing power. Please send me five rose petals so I may share them with those who need to be healed. Sincerely,

Mr. P. - California

Cure of Breast Cancer

January 24, 2008

Our Lady of the Roses,

Thanks for all the information you send - I'm so happy I got to go on bus rides to Bayside - Vatican Pavilion, by bus from Stamford, CT, to that holy place. I received many blessings: cure of breast cancer and courage to get a liver replacement.

I'm praying that Veronica Lueken will be declared a saint.

Friend's Pain Gone

October 31, 2007

To Our Lady of the Roses Shrine, Bayside, NY

I received the rose petals you sent me, and I gave them all to different people of all faiths, I assume. A lady at Church, who is president of our Legion of Mary at our parish Holy Family in Hesperia, CA, has Parkinson's disease. She told me that, at night, she could not sleep because of the pain in her legs. So, she put the rose petal in her sock and she slept all night without pain. Please send me some more petals, for people have been asking me for some.

Mrs. P. - California

"Please submit all testimony of cure, conversion, of Heavenly manifestations for the records we keep for Holy Church."

Veronica, October 2, 1972

Our Lady of the Roses®, **Mary Help of Mothers Shrine** is a Rosary Shrine and Apparition site of Our Lady and Our Lord Jesus' appearances to the late Veronica Lueken, (July 12, 1923 -Aug 3, 1995), (named 'Veronica of the Cross'®) at the old St. Robert Bellarmine RC Church in Bayside NY beginning June 18, 1970.

Our Blessed Mother requests 3 hour Rosary Vigils on the Eve of all Feast Days, (7:00pm to 10:00pm) and Sunday Holy Hours (10:30am), presently held in Flushing Meadows Park, at the site of Vatican Pavilion (behind the Queens Theatre) of the old World's Fair grounds, Flushing, Queens, Long Island, NY.

Over 300 messages of counsel from Heaven to the world and the Church were given through Their chosen voice-box Veronica, an instrument for Heaven, during the Vigils from 1970 to 1994 when Veronica was present. Graces in abundance & countless cures & conversions have been received by many throughout the world.

A 'Center of Atonement', an "Oasis of Graces".

We continue the Vigils and Holy Hour prayers. Come pray the Rosary at the Shrine. All are welcome! Contact the original, official Shrine for a free blessed Rose Petal, Vigil schedule, messages, the directions and to send petitions.
